

Dear Parents:

It has been a long year and it's time to celebrate!

Please join us as we create a community rock river in the front of our school.

We will paint the fish rocks in class, but we want families to join us as each child places their rock in the Betz river. The rocks symbolize each child's uniqueness, and the river symbolizes how together we form a community.

Your kids are the best! Let's remind them again together.

**Grab and Go Corndog Dinner!!!**
